state to Participate.

Following the reading of the special message from Governor Stuart on the subject of a Virginia exhibit at the Panama Exposition, Chairman Brewer, of the House Appropriation Committee, called up out of its order senate bill 132, to provide for the participation by the State of Virginia in the Panama Exposition, at san Francisco, to appoint a commission and to appropriate money for that purpose. The bill provides for the appointment by the Governor of three commissioners, and carries an appropriation of 156,000. It was stated that it was proposed to reproduce on the grounds of the San Francisco Exposition the plan of Mount Vernon, and to place therein an exhibit of the resources and advantages of this State. The bill was passed with only one or two dissenting votes.

The House dismissed Senate bill 155, over the protest of Mr. Gregory that it would mean a large Saving to the Agricultural and Health Departments of the State. The bill provided for seeping on the property books of commissioners of the revenue a list of post-office addresses of the various tax-payers. Mr. Land opposed the bill, taying it placed additional work on these officials, without giving them extra compensation, and on his motion the bill was stricken from the calendar by a vote of 45 to 17.
